- Adult and Young Adult books
- Children’s books and play area
- Interlibrary Loans
- Private study rooms

Story Time with Dr. Kate happens every Wednesday morning at 9:30. Each week you can listen to a few stories, participate in some movement activities and make a craft! Sometimes we have surprise guests – like this adorable hedgehog.

This was the second year for our “Escape the Haunted Library” event. Teams of up to five participants were locked in the library and had twenty minutes to find the clues and solve the riddles in order to escape.

Our Summer Reading Program was a big success. A total of 103 children registered for the program which followed the national theme of “All Together Now”. We held 32 programs and events during those five weeks with 471 children in attendance.

In 2023 we completed our NYS Construction Grant project to upgrade and expand our existing parking lot. We now have several additional parking spaces and improved drainage of the area.
